AGENDA

- Acces to Thematic panels
- Access to Exhibition Area
- Invitation Opening Act
- Access to networking agenda
- Access to networking lunch

Professional participation will give you **access to the exhibition area and all the thematic panels of the event forums**. If you want to have a more complete participation, the registration in the Networking Agenda modality offers you the opportunity to make new contacts and hold B2B meetings with other participants, in addition to access to the working lunch.

Professional

Notes:

The **visitor pass** includes access to the venue during the two days of the event, giving access to both the exhibition area and the different content forums.

The **networking agenda** is a form of participation that allows to hold more than 30 meetings of half an hour each with other attendees and potential partners in the course of the two days of the event. The meetings are arranged through an online platform where the technological capabilities and company description of the participants are specified. More information in:

Companies and institutions that have contracted some type of participation (exhibition area, program and contents, sponsorship or other specific modalities) may contract additional networking agendas at a 50% discount price.

The working lunch takes place on the first day of the event (29 September). The contracting of this modality of participation and/or registration in the registration platform (as appropriate) must take place **before September 15, 2021**

Companies and institutions that have contracted some type of participation (exhibition area, program and contents, sponsorship or other specific modalities)) may contract additional networking lunch at a 50% discount price.

Registrations made **before May 15, 2021** will benefit from a **10% discount**.
